

Celebrating that Christ is all and in all by seeking, inviting, belonging,
serving and reverencing God's creation

Environmental Action Community of WNC hosts Dr. Carl Schreck, Climate Scientist with NCICS/NOAA (N.C. Institute for Climate Studies, National Oceanic and Atmospheric Administration) for a talk entitled "Climate Change Effects in the Southern Appalachians" on **Tuesday, April 4, at 6:30 PM in Thatcher Hall**. Learn more about the newly formed EAC in Waynesville, which includes active members from Grace and our Creation Care partner, First United Methodist, along with other area church members who are working in our local community to care for God's Creation, our neighbors, farmlands, and more.
